

# FISH DOOR STOPPER

## How to use:

Position the door stopper along the bottom edge of the door to fully cover it and effectively keep the door open, particularly on windy days.

## Product Information:

Made from Poly Cotton Blend / Poly Super Wax Print Scotchgard.

## Care Instructions:

This product has been treated with Scotchgard for your convenience.

Dust and debris can build up on your door stopper over time.

Be sure to wipe it down with a damp cloth periodically to maintain a fresh appearance.

Regularly inspect your door stopper for signs of wear or damage and replace it promptly when necessary.

## Warranty:

6 Months.

This warranty strictly covers defects in the product resulting from manufacturer errors and does not extend to normal wear and tear or consumer misuse.

## Disclaimer:

We cannot guarantee that the color you see accurately portrays the true color of the product, as every computer has a different capability to display colors. While we edit our photos to show the samples as lifelike as possible, actual colors may vary.
